

Draft Road Management Plan 2025 - Change Register

Page	Change	Reason
3	Glossary of Terms is included.	To implement the recommendation by Council's insurance provider
8	Clarification on the responsibility of boundary roads have been included. The boundary is the centreline of these roads.	To provide clarification on responsibility of the boundary roads
9	A diagram is included to provide clearer responsibility of Council and resident for the vehicle driveway and footpath connecting roadway to the private property.	To implement the recommendation by Council's insurance provider
13	Road hierarchy (replacing speed limit) is included as a parameter to assess asset criticality. The services used in assessing the parameter of abutting to activity centres and services have been included.	To better reflect the assessment parameter and to provide clarification on services used for assessment
14	Road criticality map is updated.	To include latest data and information
15	Footpath criticality map is updated.	To include latest data and information
17	The contractor must respond to all emergency situations and callouts within 12 hours (instead of 45 minutes) of the initial contact from Council's representative. An emergency is defined as "a hazard reported presents an immediate and significant risk to members of the public or property".	To update the timeframe and the definition of an emergency as recommended by Council's insurance provider
19	A list of Legislation has been included. Legislation, including (but not limited to) the following: • Road Management Act 2004 • Code of Practice - Operational Responsibility for Public Roads 2017 • Local Government Act 2020 • Road Management (General) Regulations 2016	To implement the recommendation by Council's insurance provider

	• Road Management (Works and Infrastructure) Regulations 2015 • Road Safety Act 1986	
20 - 23	Changes to intervention levels and response times have been included. (See Appendix 1 attached)	To recognise resource limitations in undertaking the necessary levels of service and to implement the recommendations by Council's insurance provider

The Draft RMP 2025 has also removed outdated information and included minor administrative updates. Appendix 1 to 4 in RMP 2021 have been deleted as they are outdated information and no longer required.
